COMPLAINT

Within this complaint I ask that the United States District Court Northern District of Illinois move my case with 555 West Harrison / Dorothy Brown to this court. My reason is for the simple fact I was found guilty for assault as a class C ~~mis~~ misdemeanor, and room 303 judge asked that I do 100 hours of community service. I feel I'm being denied my rights of freedom through the City of Chicago / Dorothy Brown, and a right to my state + Federal recognition through federal non-for-profit Equality Right / LGBTQ number #9959917, and State representative for PETA in Illinois also a non-for-profit program (Retaliation) 

Also I ask that the Northern District court ask to question the video tape from George Raymond / the state + City of Chicago, because the video evidence may have been edited / tampered with. It doesn't show when George Raymond wasn't inside the control room, and I waited respectfully for him to return. Or it doesn't show George allowing a latin male to get a free ride toward the end. the I went under ~~the~~  - Tampering with evidence - !!!
